URBAN GREENING

Thinking Global – Acting Local!

In this slide presentation, Oak Parker Julie Samuels will show how urban residents and organizations in Chicagoland are restoring a healthy urban environment, and eating, breathing and feeling better by using city land to grow both Food and Community.

“Urban Greening” reports on the amazing “green” transformations Julie has witnessed and helped to bring about. She will also discuss the work of Openlands, which has been protecting the natural and open spaces of northeastern Illinois and surrounding region since 1963.

This presentation will be followed by small group discussions focusing on your concerns, your positive visions and possible steps you can take to Act Local to have a Global Impact...and eat better while you do it!

Light refreshments are served.

Co-sponsoring organizations:

The Green Community Center of Oak Park,
The Interfaith Green Network - Oak Park,
Oak Park Energy Initiative, Oak Park/River
Forest High School Environmental Club,
The Power of 10, Seven Generations Ahead,
and West Side Greens
